

Features

This Welder is of advanced heating technology. It is small, stable and easy to be operated, which is suitable for advertising cloth jointing.

- 1. Small Structure:**
Small, Light and easy to handle.

- 2. Intelligent Control System:**
Intelligent control system, easy to operate.

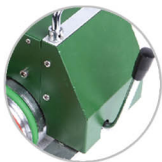

- 3. Efficient Welding Nozzle:**
20mm/30mm/40mm welding nozzle available.

- 4. Advanced Belt Combined With Pressure Rollers System:**
Advanced belt combined with pressure rollers system keeps perfect welding seam

- 5. Accurate Positioning System:**
Accurate positioning system makes sure welding towards straightly.

- 6. Special Lifter:**
Special lifter is to move machine easily and to change its direction in operation.

Specifications

Model	ES-6002A
Voltage	220 / 110V
Frequency	50 / 60HZ
Power	2600 / 2000W
Welding Speed	1.0 - 12.0m/min Adjustable
Heating Temp	20 - 600°C Adjustable
Seam Width	20 / 30 / 40 mm
Weight	12.5 kg
